

JESUS HEALS A WOMAN ON THE SABBATH

Jesus was teaching in the synagogue on a Sabbath, or day of worship. There was a woman who could not walk straight. She was bent over when she walked. She had been like this for eighteen years. When Jesus saw her, he stopped teaching. He called to her and said, "Woman, you are freed from having to walk bent over." He laid his hands upon her, and instantly she stood up straight. She praised God!

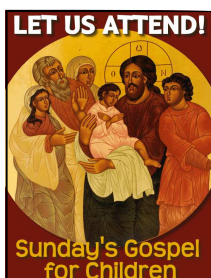

But the ruler of the synagogue said to the crowd that Jesus should not have healed on the Sabbath, because healing is a type of work, and we are not supposed to work on the Sabbath. Jesus said, "If you have an animal who needs water, don't you untie it and lead it to water?" He then explained that healing is from God, and that the woman should not have to wait even one more day to receive healing. The people were so happy to hear these words of Jesus!

3. The man in charge said Jesus should not have healed the woman. He said it was work, and we are not to work on God's holy day, or Sabbath.
4. Jesus asked, "If anyone had an animal who needed water, wouldn't you take care of the animal right then?"
5. Do you have a pet? Do you tell it to wait when it needs water?

JESUS HEALS A WOMAN ON THE SABBATH

One day, Jesus was teaching in a synagogue. It was the Sabbath, the day of the week when Jewish people rest and worship God. There was a woman there who was sick. She had been sick for 18 years! Her sickness made her bend over.

When Jesus saw her, He called to her. He said, “Woman, you are well now!” He laid His hands on her. Right away she could stand up straight! The woman praised God for healing her.

The ruler of the synagogue saw this and got very angry with Jesus because He healed the woman on the Sabbath. (Remember, Jews rest on the Sabbath.) So the ruler told the people, “There are six other days in the week to work. Come to be healed on those days, not the Sabbath!”

But Jesus said to him, “Don’t you untie your ox or donkey from its manger and lead it to water on the Sabbath? That is work too! If you can work so your animal can drink, shouldn’t this woman be set free from her sickness on the Sabbath?”

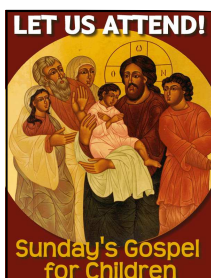

When Jesus said this, His enemies were ashamed and embarrassed. But the people were very happy because of all the wonderful things that Jesus was doing.

WHAT DO YOU THINK?

1. What was Jesus doing when the story begins?
2. What did Jesus say to the woman?
3. What happened then?
4. The ruler of the synagogue didn't like what Jesus did. Why?
5. Do you have any pets, or know someone that does?
6. If a pet was stuck in a hole, or needed some kind of help, would you help them, even if it was the Sabbath?
7. Jesus told the ruler of the synagogue that it was not wrong to heal on the Sabbath, because healing is good, and comes from God. Any day of the week, we can pray for ourselves and those we know, who need healing.

JESUS HEALS A WOMAN ON THE SABBATH

At that time, Jesus was teaching in one of the synagogues on the Sabbath. And there was a woman who had had a spirit of infirmity for eighteen years; she was bent over and could not fully straighten herself. And when Jesus saw her, he called her and said to her, "Woman, you are freed from your infirmity." And he laid his hands upon her, and immediately she was made straight, and she praised God. But the ruler of the synagogue, indignant because Jesus had healed on the Sabbath, said to the people, "There are six days on which work ought to be

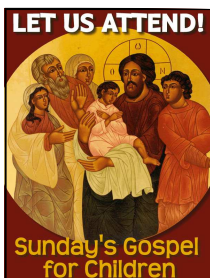

done; come on those days and be healed and not on the Sabbath day." Then the Lord answered him, "You hypocrite! Does not each of you on the Sabbath untie his ox or his ass from the manger, and lead it away to water it? And ought not this woman, a daughter of Abraham whom Satan bound for eighteen years, be loosed from this bond on the Sabbath day?" As Jesus said this, all his adversaries were put to shame; and all the people rejoiced at all the glorious things that were done by Him.

5. How is Jesus healing the woman the same type of action?
6. How does God take care of you the way you take care of your pet?
