

Spring Newsletter 2024

Happy Easter from ALIES!

Praise be to God, the Father of our Lord Jesus Christ, who in His mercy and faithfulness continues to reach us all, especially women considering abortion, up until the last moment. He continues to fulfil his role as a Father and Provider, to our ministry and to all the women who come to our door.

God's provision has continually carried on, despite the disruption of some pretty serious construction. Many of you may recall that this past November, the actual porch of The Back Porch was demolished for construction. The porch had, for over a year, been pulling away from the building, and falling off the original 110 year old house. Although seemingly slow in these long winter months, construction has been persistent and steady. Now that the weather is warming up, we pray the process is speedy! We now have the floor insulated, as well as all of the walls installed. It's happening!

This new porch is not only necessary for the physical upkeep of the building, but vital for welcoming women of all walks into the light -

- of Christ. We seek to create a welcoming and secure environment so that women will feel safe and loved, especially when their situation is dark and desperate.

The winter in Calgary has also seen some structural improvements. Although the 'porch' is a lot smaller for Life House, it was in need of repair too! Thanks to the speedy work of our pro-life community, the stairs to the front of the house are now brand new. We are pleased to provide an all-new hospitable environment for our growing community in YYC, and plan to build on that community for the women and men seeking abortion once we obtain the house right next door (still scheduled for late 2025).

You might think that clients would be deterred from coming to The Back Porch (instead of the clinic) because of construction. Truth be told, the number of women who knock on our door has dipped somewhat during construction, but women continue to come to our front door.

(Continued on Reverse)

Since The Back Porch was founded, we know of *at least 196 babies saved!*

And about the eleventh hour he went out and found others standing...

He said to them, "You go into the vineyard too." Matthew 20:6-7 RSV

-April 2024-

We are so pleased to continue to offer the love and light of the Risen Christ to them. For instance, in the cold mid-January, we had a woman named Tanya* come to our house.

**4 Babies Saved
so far in
2024!**

Her walk seemed slow and pained, and as soon as she spoke, she shyly shared, "I am really embarrassed to share this...but..." As we invited her in, she began to describe her situation. Tanya was just dropped off at her abortion appointment across the street, yet did not wish to have an abortion. She was there under the influence of a physically abusive partner, who continually mistreated and isolated her. Being new to Canada, Tanya had no family here, nor support to help her with continuing her pregnancy. After our conversation, Tanya chose not to go to her abortion appointment. We were ready to help her undertake the complications of finding safe housing, support with legal help, continual assistance with the pregnancy, and anything else that might cross her path.

Amid the stress of leaving an abusive relationship, unfortunately Tanya suffered the loss of her child via miscarriage. We admire her courage for choosing to save her child from abortion, and hope to be there for any and every woman who may find themselves in a difficult situation, especially ones like hers. Praise God that he is able to reach women like Tanya in their eleventh hour.

The Lord never tires of helping these women, providing for the needs of our ministry, and tenderly caring for each of us individually. He has been so gracious throughout ALIES' expansion into Calgary, and the growth of our pro-life community during this time.

We want to extend our deep thanks to all the individuals who are dedicated to these women and babies in their 11th hour. It is your contributions of time and funds that keep our ministry afloat. Without your support, we would not be there to help Tanya, or any of the other 195 mothers and babies spared from the horrors of abortion so far.

If you have not yet become a monthly donor, we need you! You too would be a huge help in the ongoing upkeep of our ministry, in keeping the lights on and the doors open for women in need. One-time gifts are greatly appreciated, but monthly expenses call for monthly income. We need the predictable income of monthly donations to budget and plan. God calls each of us to love the vulnerable and defend the sanctity of human life. We cannot do this without you!
