

Service Canada provides a single point of access to a wide range of government services and benefits.

Services can be accessed in three ways:

## 1. Go online or call one of the call centers

Access all Service Canada programs, services and benefits through online services and call centres.

Access Service Canada online services at: <u>Canada.ca/service-canada-home</u> Apply for a Social Insurance Number online at: <u>https//:sin-nas.canada.ca/en/Sin/</u> Contact one of the call centres at: Service Canada 1-800-O-CANADA (1-800-622-6232) Employment Insurance 1-800-206-7218 Canada Pension and Old Age Security 1-800-277-9914 Social Insurance Number 1-866-274-6627

## 2. Need more help? Request a call back

Help is available through a service request form available online and on mobile phones.

Interpretation services may be provided.

A representative will make contact by telephone within two business days.

If the service needed cannot be completed by phone, an appointment for service at a Service Canada Centre will be offered.

## 3. Call the Outreach Support Centre

If access to a computer or the internet is not available, or if there are other barriers to accessing services, contact the Service Canada Outreach Support Centre toll-free service.

The Outreach Support Centre has limited capacity and is designed to support the needs of clients with no other means of getting service.

## **Benefits Finder**

The Benefits Finder tool can help identify benefits and services for all life situations. It asks a few questions and uses answers provided to search for all applicable benefits.
