WOUNDED VOLUNTEERS FUND

My name is Olesya Matskiv, President of Wounded Volunteers Fund. The fund was started in 2015, when Russia started a war in the east of Ukraine in 2014. Unfortunately, the war is still on, a full scale war and our help is important like never before!

We are continuing our work by assisting soldiers, supporting evacuees whose home were lost because of the war, kids who lost families, and other heartbreaks, too many to list here.

It is extremely hard to imagine for one minute these people, our brothers and sisters from Ykraina, what they are going through.

When you must go, sometimes up to 8-10 times or more per day to the basement, because you are being bombed, it is difficult to live a normal life. And, you never know when you go to bed whether you will wake up the next morning alive or not....

Sadness, tragedy, and pain all over our Mother Ykraina. but we are not losing hope!

Every day we wake up, we are getting closer one day to our victory! We must be united in our efforts and spirits. With God's help and people who are supporting us, we will win this war.

Slava Ykraini! Heroyam Slava!

Your help is important. If you wish to donate and support our soldiers and people from Ukraine, please do so at:
